JUST A Little Talk ON Boy's Clothing

TO MOTHERS who have boys it will be interesting. Where is the mother who is not proud of her well dressed boy? To clothe him right is just as essential as his success at school.

A well dressed boy commands respect as well as being made happy.

LION BRAND is the kind you

should buy for your boy, it is so different from other makes; just like the fashionable styles in men's suits; made with wide shoulder, hand made collar, shoulder pad, double elbow in the sleeve, French facing sewn with strong thread. The knickers have double seats, double knees, and seams are stitched twice, just what they should be to stand the boys now-a-days. We are sole agents for this make, and our new stock comprises all the new and nobby styles at prices you won't think too high for such a good make. Come on in, and let us show you the Lion Brand.

AROUND THE TOWN

Ilan Good is building a two-storey residence near the wood-working factory.

Hair cutting on Saturday nights at the Golden West Barber shop will be 35c.

FOR SALE—Buggy, new in February last, also cheap saddle. Apply Rev. T. D. Jones, Didsbury.

H. S. Patterson, barrister, etc. has money to loan on farm property in the Carbon, Three Hills and Sunnyslope districts.

Mr. Ph. Vibert, inspector of the Union Bank, was in Didsbury making his regular inspection last week.

C. L. Peterson is having a large vault and an addition to his office built at the back of his present building.

Geo. Saxsmith has been transferred to the Lacombe branch of the Union Bank and Mr. C. J. Talbot has arrived from High River as ledger keeper.

J. E. Liesemer has money to loan on farm property in the Sunnyslope, Three Hills, Carbon and Trochu Valley districts at a reasonable rate of interest.

The many friends of W. L. Martin will be pleased to learn that he returned from Calgary hospital on Saturday much improved in health.

W. F. Pieper, Sunnyslope returned from Ontario on Monday. He accompanied the remains of his brother, who was shot in Manitoba a week or so ago, to Ontario for interment.

Mr. and Mrs. A. Al. Snyder left on Tuesday evenings train for a visit to Ontario and to attend a re-union of the Snyder family which will take place on the old homestead.

Mr. and Mrs. Dave Witwer and the four Witwer brothers left on Tuesday afternoon train for Lethbridge to attend the marriage of their sister Miss Witwer to Noah B. Good, formerly of Didsbury.

The Calgary Horticultural society will run an excursion to Red Deer to-day. They will stop off at Didsbury for about twenty-five minutes. The fare from Didsbury to Red Deer and return is \$1.30 and the train leaves at 12.10.

The following is a summary of the school report for May; No. days school, 19; Aggregate attendance, 2065.5; average 108.16; percentage, 80.30. The annual departmental examinations for standard V. will be held in the school beginning June 23rd, ending June 28th, and standard VI and VII will begin on Monday, June 28th.

A great deal of sympathy has been expressed for Mr. and Mrs. R. B. Martin whose little boy died on Thursday last aged one year and 8 months. The little fellow had only been seriously ill for a day or two but in spite of the best of medical care passed away as stated. Bright's disease was the cause of death. The funeral took place on Saturday afternoon at Didsbury.

A camp meeting will be held in Didsbury on the grounds north west of town by the M. B. of C. church from July 9th to 19th. Several Ministers from the east are expected to be present. Eld. Graybiel of Mich. and Elder T. E. Barker and wife, returned missionaries from Hadjin, Turkey, have been invited and if possible will be present. A hearty invitation is extended to all.

Mr. W. Innes of Calgary, has been transferred to Didsbury as accountant in the Union Bank.

Glen Warren of Stavelay, Alta., was a visitor on Monday between trains.

Our millinery department is open as usual. Bring along your hats ladies.—Geo. Peters.

FOR SALE CHEAP—A top buggy, single harness and two robes. Apply W. Marsden, Didsbury.

Mrs. C. C. Pearson and son Herbie leave for Wisconsin on Thursday to visit Mrs. Pearson's father who is very ill.

WANTED—A girl to do general housework. Four in family; good wages. Apply box 45, Pioneer Office.

Mr. and Mrs. G. P. Liesemer left for Ontario on Tuesday afternoon for a few weeks visit to friends.

The many friends of Mr. E. Vincent will be sorry to learn that he was taken to the Calgary hospital seriously ill last week. It is hoped that he will speedily recover.

Rev. C. D. Campbell, B.D., Edmonton will preach on Sunday evening in the Presbyterian church and will give an illustrated lecture on "A Century of Bible Work" on the Monday evening following at 8 o'clock.

Eld. S. S. Stauffer conducted a tent meeting over four Sundays and an evening for two Sundays, and this week is moving the tent to Sunnyslope for a few Sundays. Elder J. B. Detweiler was assisting Elder Stauffer for two weeks.

Rye Headed Out

The growth of all grains and grasses in the Didsbury district has been phenomenal in the last month, which is not to be wondered at when the fine growing weather we have experienced is considered. A week or so ago we recorded the fact that a piece of timothy was brought into this office which measured 27 1/2 inches in length, this week Mr. J. N. Aussenhus reported to us that his rye was all headed out and of good height.

Sunny Alberta as far as we are concerned is still the same, and the Didsbury district will more than hold its own as a mixed farming and grain growing centre this season.

Rev. T. D. Jones, Leaves Didsbury

The Methodist Conference held at Strathcona last week decided to station Rev. T. D. Jones, the Methodist minister here, at Frank, Alta. Everything possible was done by the Didsbury congregation to retain Mr. Jones but their efforts were unavailing. Mr. Jones since coming to Didsbury some nine months ago has proved himself an energetic worker and the membership of the church as well as the town at large will be the losers. In the nine months of his pastorate Mr. Jones has reduced the debt on the church from \$800 to \$518, and the congregations have increased greatly. Mr. Jones is to start an institutional church at Frank.

Mr. Jones preaches his farewell sermon at the church on Sunday morning next at 11 o'clock.

BIRTHS

On Tuesday, June 14th, 1909, to Mr. and Mrs. H. Wiegand, a son.

On Wednesday, June 15th, 1909, to Mr. and Mrs. Gugin, a daughter.

Two Demonstrations on Monday

Two demonstrations of equal interest to the farmers of the Didsbury district took place on Monday afternoon on the grounds east of the elevators. One was that of the O. K. grain shaker, handled by Mr. O. W. Hembling, the implement dealer, and the other was an exhibition of the improved Stevens brush cutter.

Conditions were not at all good for the grain shaker, the bundles of straw used being broken and light and the ground was not at all suitable for stooking. However, those who witnessed the exhibition were all confident that given the right conditions the shaker would do its work, and would be a great money and labor saver in the busy harvest time. Orders were taken for two of the shakers on the grounds and others intend purchasing.

The Stevens improved brush cutter, manufactured by Mr. J. C. Stevens, proved a decided success, cutting young trees as well as low brush equally well. The machine has a large diagonal cutting knife which is attached to a heavy platform carried on spiked wheels. A team of horses were all that were needed in the demonstration. Mr. Stevens appears to have worked out the solution of a good brush cutter to perfection. Those who have any need for one would do well to see the Stevens brush cutter.

Presented Purse of Gold

A pleasant social event among the adherents and friends of the E.V. Church took place on Monday evening on the prairie lawn north-west of town, the main feature of the evening being the presentation of an address and a purse of gold to Mr. G. E. Liesemer, organist of the church. J. V. Berscht was master of ceremonies. Rev. C. S. Finkbeiner, pastor of the church, gave an address and called attention to the purpose of the social and expressed appreciation of Mr. Liesemer's services. Miss Christner then read the following address:

MR. G. E. LIESEMER:—
“We, the members, adherents and friends of the E.V. church are assembled here this evening to show our sincere appreciation of your services as organist in our church, since coming to Alberta. Your earnest and enthusiastic devotion to your work has pointed you out as a proper recipient of our esteem and favor. The faithful and regular attention you have given to your duties has afforded a glorious example for the conduct of others. We hope that your service may be long continued for the glory of God.”

We would ask you to accept this mark of our appreciation for your service and token of our respect and esteem with the best wishes of all, that you may enjoy in the future the benefit and pleasure of all material things and at last join that songful multitude, striding the hazy of gold, eternal in heaven.”

Mr. Kupp trustee of the church then handed Mr. Liesemer a purse containing \$25 in gold. The recipient then responded in an appropriate manner, thanking the friends for the honor bestowed upon him.

The following programme was rendered: solo, Miss Dowler; address M. Weber; recitation, Miss Gry; address J. L. Beane; duet, Misses Dowler and Finkbeiner; address, M. Clemens.

After the programme refreshments were served which had kindly been provided for by the ladies of the congregation.

Crossfield Again Defeated by Didsbury

The Didsbury football team went to Crossfield on Saturday afternoon last to play a return match with that team. The team arrived at Crossfield about three o'clock and were informed that the game would be called at 4.30. The time came for the game to be played and the Crossfield team was not ready. This happened two or three times.

HEMBLING'S

The referee who was a Red Deer man, at last decided to call the game for seven o'clock whether the team was ready or not. The teams were just getting ready to play when a severe thunderstorm came up and the game had to be again put off until it was over. Finally it was started shortly after eight o'clock on grounds that were simply a grease spot with big puddles of water here and there. This could have been avoided if the management of the Crossfield team had arranged matters right for the afternoon game. A great deal of indignation was expressed by outsiders who had come in to see the game and who had to go home unsatisfied.

In spite of the bad shape of the grounds the teams started out fast and the first score was made by the Crossfield team just before half time on account of the Didsbury goal keeper slipping down and missing the ball.

The second half started with a rush. Didsbury scoring from right wing off Harry Siebel. After this neither side scored until within about two minutes of time being called when Macrimmon of the Crossfield team made a foul within the penalty line which gave Didsbury a penalty kick. A Hosenberry, centre, shooting the ball into goal so fast that it was an impossibility to stop it. This made the score 2-1 in favor of Didsbury.

This is the second time that Didsbury has defeated Crossfield who have not been defeated by any other team in the league this season. Mr. Hadley of Red Deer refereed the game.

DIDSBURY-CARSTAIRS GAME A DRAW

A hard game of football was played at Didsbury on Tuesday evening between the home team and Carstairs the result being a draw, no score on either side. At times the game was rough, two of the Didsbury teams having to go off the field for a minute or two. Didsbury should have scored as they outpointed the Carstairs men who played a purely defence game in the last half. If the full time had been played the Didsbury team no doubt would have scored, as the Carstairs team were pretty well tired out. J. E. H. Phillips was the referee.

Following is the standing of the teams:

	Won	Lost	Draw	Points
Didsbury	3	2	1	7
Carstairs	2	1	2	6
Innisfail	1	2	3	5
Crossfield	1	2	2	4

Carstairs and Crossfield played a protested game at Carstairs on Friday.

Provincial Exhibition

The space for district collective exhibits at the Alberta Provincial Exhibition, Calgary, July 5th to 10th is being rapidly taken up. The competition will be very keen for the \$375 in prizes and diplomas, as everyone of the districts which will be represented will send most comprehensive collections. The district exhibits at the Dominion Exhibition at Calgary, in

1908, proved to be ingenious advertisers for the various advertisers for the various sections from which they were sent. The last three wide-awake towns to show tangible evidence of their appreciation of the value of this kind of advertising by sending applications for space in the District Exhibition building, are Okotoks, Alta., Carstairs, Alta., and Salmon Arm, B. C. It will be necessary for the latter town to transport its exhibit a distance of about 350 miles over the Rocky Mountains.

A. H. Trimble, Esq., Red Deer, has decided to enter his herd of very fine Ayrshire Cattle for the Alberta Provincial Exhibition. Dairymen in general and Ayrshire breeders in particular, will no doubt be much pleased at the opportunity afforded them to see these animals when visiting the Fair.

HELLO THERE!

When you are thinking of having that Auction Sale give us a call. Can speak either German or English.

JOHN DAGEFORD, AUCTIONEER

Arrangements for sales can be made — With —
JOHN LIESEMER, CLERK,
DIDSBURY

STRAYED

Black gelding, unbranded, 8 years old, about two lbs. Saddle and harness, marked small white star on forehead, about 14 hands high, strayed on the ranch of J. L. Tilsforth where it has been since April, 1908, about 6 miles S. W. of Didsbury, and now at the premises of F. Vernon, Didsbury.

A REWARD

A white fox terrier pup-dog, half of face black, both ears black, tip of tail black. A reward will be given for the return of this dog to the Pioneer Office or to Messrs O'Donnell and Burchall, Dog Pound.

STRAYED

One white cow, short horns, branded — over 7 flag on right hip. Left about May 27. Suitable reward for same. Please send information to W. R. Wilson, Didsbury, Alta.

\$5 REWARD

\$5 reward for information leading to the recovery of the following described horses: 2 yrs. old dark bay mare, white face and legs, branded T on right jaw, also one yearling dark bay horse colt, likely with above described mare, with no brand. Also strayed one black bull, rising 2 yrs. old, branded TR under half diamond on left thigh. O.K. TURNACLIFF, Olds P. O., 10 N.E. Didsbury.

\$5 REWARD

Strayed from Henry Roth's farm one light red cow, 6 years old, bow bent horns, strayed six weeks ago. Five dollars will be given for the return of this animal. J. V. BERSCHT, Didsbury.

ESTRAY

Black moolie cow, branded 7 flag quarter circle over on right hip. Went away about two weeks ago. W. R. Wilson, Didsbury.

CHINA SEAT OF TROUBLE

GREAT BRITAIN HAS ANOTHER CAUSE FOR WORRY

Germans are Endeavouring to Supplant Britishers on the New Chinese Railways in North China, and German Officers will be Engaged as Instructors and Advisers of the New Chinese Navy.

Victoria, B. C.—That the British German feeling is not confined to Europe was the news brought by arrivals by the Empress of India, who stated that not only was there a dispute over the supplanting of Britishers by Germans on the new Chinese railways in North China which had resulted in the refusal of British capitalists to advance further monies and in one or two cases had resulted in a deadlock, but some consternation had been caused among Britishers in the Orient by the report that German officers will be engaged as instructors and advisers of the new navy being organized by China.

The Empress brought news of an anti-British boycott in Hunan province. A British syndicate obtained from the Chinese government a concession to mine and at Hsinan, and proceeded to sink a shaft. The Chinese had previously only scratched the surface, but when they saw the Britishmen at the shaft, they were so angry that they were firing shot at a greater depth than they had been working at. It was only by the aid of the British gun that the shaft was sunk. A protest was lodged at Peking, and the governor of Hunan was ordered to enquire into the terms of the concession. Up to the time of the Empress leaving he had not done so, as he was afraid of the people, who were up in arms over the affair.

America Should Say Let All Wars End

Atlantic City, N. J.—Declaring his belief that "America is the legal line to bring about universal peace throughout the world," United States Supreme Court Justice David G. Brewer, speaking before the David G. Brewer Association here recently, made a plea for united action towards world peace by the people of the United States and other nations. "The presence of 7,000,000 Germans in the United States is a virtual guarantee that the country will seek no offensive action against that country," he said, "and similar residents here of natives of other countries will be equally loath to keep down the spirit of war."

Continuing, Justice Brewer said: "With brass buttons and epaulettes becoming more plentiful than lead and flitting and invention of new weapons this country must watch to prevent its people drifting into a state of empire that can only lead to disaster."

Let Municipalities Handle the Liquor

Winnipeg—Notice has been given at the synod meeting of Manitoba of the national advocating that the government should give the municipalities the right to take power to go in for municipal ownership of the liquor traffic. The lines established in Norway by a motion suggests that any profit should be used for the purpose of establishing cafes, reading rooms, museums, music halls and similar counter attraction to the drinking habit. The motion will be made by Hon. Murray and Hon. J. A. Martin, president of the board of trade.

Peru Refuses the Japanese

Victoria, B. C.—Consternation has been caused in the ranks of the Japanese steamship companies interested in the South American service by a telegram from Peru stating that an order had been issued refusing admission to Chinese who were booked in large numbers on the two Kisei steamers. The Hong Kong Maru had a thousand on board at Hong Kong when the order came, and disembarked them. Steamer Kusio, chartered by Chinese, is en route to Lima with over a thousand on board, who will be turned back.

Action Against Christian Scientist

Virden, Man.—James B. Williams has been arrested here for causing the death of his nine-year-old daughter by neglect. Williams is a Christian scientist, and instead of calling for a physician he refused to let the child die. The arrest was made at the instance of the attorney general's department. Williams came up before the local magistrate for preliminary trial.

Manitoba Crop Report is Optimistic

Winnipeg—The Manitoba government have issued their June crop report, which is exceedingly optimistic in tone. The report says: "The prospects are better than for years, as the most perfect plant is obtainable through a continuous series of growth. Up to the present moisture has been plentiful. The total area under wheat this year is 2,662,110 acres, a decrease of 208,320, owing to the late spring, and shows an increase in acreage of 137,031, and barley 32,467."

CROP OUTLOOK NEVER BETTER

C. P. R. and Government Officials Report Crop Growing Rapidly Under Favorable Weather

Winnipeg—T. H. Acheson, freight agent for the C. P. R., has returned after an extensive trip through the west. He says after carefully looking over the situation in three provinces and making numerous inquiries, he is of the opinion that the increase of acreage over 1905 will be 50 per cent. or more. On the whole the crop is looking good and is of uniform color, ranging from a height of ten inches in Southern Alberta to four and five inches in some of the more backward districts in Alberta and Saskatchewan. Dr. Wm. Saunders, director of experimental farms, who is now at Regina, has visited the department of agriculture at Ottawa as follows: "I have seen the crops from Winnipeg to Regina. The wheat is from four to eight inches high. Crops are of a uniform rich green color and growing rapidly under the very favorable weather."

Editors Are Talking Too Extensively

London—Referring to the resolution introduced in the Imperial Press conference in favor of compulsory national service, the Chronicle says the good sense of the meeting, assisted by the excellent remarks of Mr. Macdonald and the roasting speech of Mr. J. Macdonald, declined to put any such resolution to a vote. The Daily News remarks that "you cannot parade even the finest enthusiasm day after day without a certain loss of its quality. If all is said, it is lost." At the press conference would express the things as sufficiently uttered and then proceed with the terms of the speech. The speeches would be more valuable.

Fireproof Paint for Railway Bridges

Ottawa—The interesting statement was made before the railway commission by the C. P. R. that experiments have been made with fireproof paint as a means of protection for wooden trestles and bridges. After a trestle bridge was painted with the fireproof paint an engine was run slowly over it and ashes shaken out. Nothing resulted.

The engine was then brought to a standstill in the centre of the bridge and red hot cinders shaken in a heap on the painted ties. The fire practically went out in a few minutes. In another case, treated similarly the paint was burned but no fire resulted. There will be further experiments.

Degeneracy and Deficiency Exist

Atlantic City, N. J.—Professing his faith with the assertion that "the children of men and women who are alcohol are the real victims of the ruin habit," Dr. T. Alexander Macdonald, of New York, in a speech before the society for the study of alcohol and other narcotics, caused a great sensation at the meeting of the American associations by saying that "conditions in the New York public schools rival those of ancient Sodom." The degeneracy, mental deficiency and other drawbacks to the proper education of youth have increased at a pace that threatens the future of the republic.

Confirms Purchase of Phones

Moose Jaw, Sask.—Hon. J. A. Cameron, minister of education and railways, has confirmed the purchase of the Saskatchewan Telephone company's system by the government for \$150,000. Complete details have not yet been arranged, but the government will take over the system on July 1. This gives the government control of all the important exchanges in the province outside of Saskatoon. The Saskatchewan company's system comprises 300 miles long distance with exchanges and 30 toll offices. The minister stated that the matter of improvements and extensions had not yet been considered, but that improvements would have to be made, particularly in long distance lines.

Shorter Hours for Women

Vienna, Austria—After years of persistent effort the part of social reformers, the ministry of commerce has approved a measure forbidding work for women and girls between the hours of 8 in the evening and 5 in the morning. Besides doing work with night work by women, it is provided that the municipal establishments employing more than ten persons have female employees shall enjoy a minimum of eleven hours of complete rest.

No Clearances at A.Y.P. Exposition

Seattle—The new anti-cigarette law has gone into effect. It is the opinion of the attorney general's office that no person shall be fined in his possession is subject to fine and imprisonment. The Seattle anti-Pacific coast exposition relief will enforce the law strictly. No one will be permitted to smoke a cigarette on the grounds.

Australia Imitating Canada

Ottawa—D. H. Ross, Canadian trade commissioner at Melbourne, reports that Australia has decided to follow Canada's example and create an office of high commissioner in London.

END OF PRESS MEETING

'LITERATURE AND JOURNALISM' THE SUBJECT DISCUSSED

The Delegates Listen to Instructive Addresses Delivered by Lord Morley, Winston Churchill and Lord Milner—Lord Morley Says There is a Very Improvement Apparent in Journalism

London, Eng.—At the final meeting of the Imperial Press conference, the subject "Literature and Journalism" was discussed. Lord Morley, secretary for India, presided, and among those present were Augustine Birrell, chief secretary of state for Ireland; Lord Milner, former high commissioner for South Africa, and Winston Churchill, president of the Board of Trade.

Lord Morley delivered a suggestive and provocative address tinged with dry humor. He asked the editors to strike for two moderate aims, simplicity and directness. He said the presence of literary elements in the editor differentiated him from his fellow-shouting elements. There was a vast improvement apparent in journalism and criticism, but he wondered how far the press had its share in the general forces which was bringing about the present European situation.

He said systematically or perseveringly preaching its place among nations. Mr. Churchill noticed a tendency to correct habit that many organs had contracted, namely expression of the views of readers rather than of the views of the editor. He reminded the pressmen that confidence bred confidence between nation and nation and hatred bred hatred between nations.

Lord Milner said they had heard much about the rebarbarization of Europe, but he thought it was nonsense. If they reflected, they would remember that disputes between nations were now settled less by war than ever before. One of the most powerful reasons was that nations were organized on a system of national armies and it is citizen armies which make peace.

Mr. Birrell kept the conference in good humor by facetiously giving witty speech. He could not understand why the fourth estate should assume the shackles of a party which the other estates of the realm must take up, and reminded his hearers that fortunes, not only of one empire but of the world might largely depend in future upon their fidelity to their task as writers, whether they wrote words or wrote by day. Sir Ed. Carson, who had been referred to by Post, Mr. T. P. O'Connor, Mr. Barrage, of Bengal, and Dr. Engleberg, of Pretoria, also contributed.

Rev. E. H. Hale Dead

Boston—Rev. Edward Everett Hale, famous author and member of the chain of the United States senate, died at his home at Roxbury, of heart failure.

Rev. Mr. Hale was the senior minister of the South Congregational Unitarian church of Boston from 1856 to 1891. He was born in New York, graduated at Harvard, graduating in 1839, and was ordained at Worcester, Mass., in 1846, where he was minister of the Church of Unity of his city for the next ten years. After that he was for a period chaplain of the senate.

He wrote a number of very widely known books, among them being books.

The Edmonton Carpenters Strike

Edmonton—There is no change in the carpenters' strike situation, both parties sitting tight and each claiming that the victory will ultimately be theirs. The carpenters' union has signed up a number of nonunion men and is an endeavor to enlist them in the city except to get the situation entirely in their own hands. The builders' union claim that they have sufficient men on hand for the carpenter work being done at present, and they have abundant opportunity to secure skilled labor later in the season. They state that they do not wish to bring in outside labor, however, if such can be avoided.

South Africa is Solid for Union

Durban, Natal—A referendum held recently whether or not Natal should join the South African union has resulted in favor of the juncture by a vote of 11,212 to 3,701. This assures the complete federation of the South African empire, the Transvaal, Cape Colony, the Orange River State and Natal.

Practically the entire population of Natal is British, and the disinclination of a considerable element to enter the union was caused by fear that the confederation would be dominated by the Dutch.

Rushing G. T. P. to Edmonton

Edmonton, Alta.—The steel head of the Grand Trunk Pacific has now reached Viking, 8 miles east of Edmonton. The gang is now laying track in a day and will reach Edmonton in the middle of July. Five train loads of rails were brought to the steelhead recently.

WILL TAKE OVER ESQUIMAULT

Naval Station on Pacific Coast to be Kept Up by the Dominion in Future

Victoria, B. C.—The Dominion government is to take over the Esquimault naval station from the imperial government, an Imperial naval King of the Canadian navy, who arrived here some days ago after completing his inspection of the buildings, equipment, etc., of the naval yard, has left for Ottawa to make his report to the governor. The station will be formally taken over after his report is submitted. The naval yard will be used as the headquarters in British Columbia as the lighthouse and fishery protection receiver and the warship to be brought from Great Britain as a training ship and fishery cruiser. Pending the purchase of this vessel the Dominion government has chartered the salvage tug William Joffe to aid the fishery protection cruiser Kestrel beginning at once.

Charged 300 Per Cent.

Winnipeg—Magistrate Daly committed Miss Mary A. Glenn for trial on one count and six special charges of lewdness, and she was subsequently allowed bail, herself and two others of \$500 each.

Mr. C. J. managers of the office testified to the coming of Miss Glenn two weeks before the raid, and the encircling of the city by Miss Glenn's division, and that he had been commanded to audit the books. Miss C. J. was suffering from nervousness, and fainted under a by no means severe cross-examination. Miss C. J. testified to Miss Glenn and herself receiving instructions from Miss Glenn as to the changing of the street names to the new one of making notes, which the firm was supposed to buy.

David Carr, an accountant expert, gave evidence showing the rate on certain notes had been, in one case, 300 per cent., while others worked out at 20, 30, 40, 50, 60, 70, 80, 90, 100 per cent. The charges against Miss C. J. were withdrawn.

Predicts Trouble in India

London, Eng.—In a speech made at the Royal Colonial Institute, Lord Curzon, formerly viceroy of India, said that a vast majority of the people of that country were entirely without political aspirations, but a section was filled with illegitimate and unimmaculate ambition, nourished by sedition, greed and disloyalty. He sometimes thought he could detect a great hint in India, similar to that of Europe, to which Lord Curzon had referred in his speech before the Imperial press conference. Lord Curzon said that he was no student of Indian history, but he hoped the developments of which he spoke might not occur, if they occurred at all, until the distant future, but he thought they were nearer than some people imagined.

Bank Clerk Shot Friend in Mistake

Saskatoon—Near midnight the other night a bank clerk, among them Walter Sherwood, teller in the Bank of Nova Scotia, crossed over the river with the intention of surprising several other bank clerks, one of whom was H. C. Lane, of the Bank of Hamilton. The midnight visitors started a game of cards, and the clerk was challenged by the campers. Getting no response, Lane fired a shot from a revolver, which passed through Sherwood's abdomen coming out of his back. Sherwood was taken to the hospital and is in a precarious condition. Lane and Sherwood were great friends.

Western Boards of Conciliation

Toledo—The managers of the Grand Trunk Pacific and Canadian Northern railways have each looked horns with their employees, and action by the minister of labor is invoked. The Dominion government has granted the labor organizations have filed charges. They include complaints from engineers, conductors, firemen and trainmen. The schedule of hours and wages is demanded. The complaints against the Canadian Northern were laid out by the maintenance-of-way men from Port Arthur westward. J. G. O'Donoghue has been appointed representative of the men on both boards.

Death to Autos

Rome—The little town of Seney near here, has declared war on automobiles. At a meeting of the town council recently after a spirited discussion, an ordinance was adopted forbidding the use of automobiles within the city limits, and the town marshal was authorized to arrest anyone passing through Seney with such a vehicle. This ordinance is said to be the first town on record to declare against the automobile in toto.

Lord C. Bessford Will Visit Canada

London—Lord Charles Bessford informed some Canadian delegates to the Imperial conference that he intended to visit Canada this autumn. He hopes for an opportunity to discuss the defence questions with leading men.

RAILWAY TO THE BAY

COMPANY WILL FILE LOCATION PLANS AT ONCE

Hudson Bay and Pacific Railway Company Will Commence Construction Work at Three Different Points on the Road—Generally Believed That the Long-Talked-Of Road Will Become Assured Fact

Prince Albert, Sask.—On his return home, W. W. Rutan, M. P. for Prince Albert, found awaiting him a notice from the department of railways to the effect that on June 19 the Hudson Bay and Pacific railway would file their location plans with the department.

This announcement means a good deal not only to Prince Albert but to all that great empire to the north vaguely termed "the north." The Hudson Bay and Pacific Railway company did not attract much attention when their charter first came up. It looked just like an application for another of those charters which cover Saskatchewan and the spindly west. About the same time, however, the Prince Albert bill for a line to the bay was coming up, and so the application was looked into a little. The system had some things made of the harbor of Port Churchill. They showed, furthermore, that, once the rails are at the lake from the White Star steamship line will start an up-to-date service. The company's representatives exhibited contracts already made with the company, is about \$50,000,000, and the promoters claim that it is nearly all subscribed.

The company, according to information furnished here, has had surveys made of the route, and the system had some things made of the harbor of Port Churchill. They showed, furthermore, that, once the rails are at the lake from the White Star steamship line will start an up-to-date service. The company's representatives exhibited contracts already made with the company, is about \$50,000,000, and the promoters claim that it is nearly all subscribed.

The company has charters for two lines. The first runs directly due west from Churchill through Athabasca lake to the Pacific Ocean via the Yellowhead pass. The second line runs from Churchill in a southerly direction to the west coast of Lake Winnipeg.

The company guaranteed that within a short time of their location line being approved and other things completed, they would start construction work at three different points in the road, of which Prince Albert will be one. They offered to abandon their line and use the government surveys and line and to give all the same privileges as to running powers for other roads as a national line.

In this case they would want a guarantee of bonds or a land grant, and if they get a land grant they would perfectly willing to take the land along their northern route, that is between Churchill and Athabasca lake, and help to open up the country. "There is no doubt that this looks more like the real thing than any other scheme," said Mr. Rutan, who has been granted.

Says Parliament Cannot Interfere

Ottawa—The question of the jurisdiction of parliament over the White Star sailing line, which is the subject of the railway commission to deal with its brief was questioned by E. H. Churchill, minister of railways, in the complaint of the board of trade of Dawson that the rates of that railway are excessive.

He said that the Canadian parliament had jurisdiction only when a railway passed through two or more provinces. The White Star line, he stated, was a private venture of Canada, but if a Canadian company built a railway elsewhere, parliament had no authority. In the United States there was jurisdiction over commerce, but in Canada over work only.

As there was doubt, he stated, whether the Yukon as a mining district, would exist ten or fifteen years, he insisted that the railway should have been entitled at its commencement to draw from revenue one-twentieth of the cost of construction each year in the form of a loan, and might pay for itself during the time the district lives as a mining center. The case was not concluded.

Wireless Telegraphy

Paris—The official trials of the wireless telegraph apparatus invented by the naval lieutenants, Colm and Leclercq, took place at Toulon. They were conducted between the cruiser Comte and the naval arsenal at Toulon. The experiments were conclusive. The ship and the arsenal succeeded in communicating a distance of 165 kilometres (about 100 miles). The fact that telephonic transmission without wires is hardly influenced by the atmospheric phenomena of the day, and that it is not so seriously the wireless telegraph systems.

Rich Gold Strikes in Saskatchewan

Winnipeg—Rich gold strikes are reported from the country north of Prince Albert, Sask., and there is a belief that the claims are being registered and companies are being formed to develop the properties.

Three Hills

Box: To Mr. and Mrs. W. Keddell, a son.

Ideal weather for this season of the year, grain is in first-class condition, the growth being much ahead of last year.

While the farmers are rejoicing over the good condition of the ground for breaking we regret to announce that our esteemed townsman Messrs. H. E. Davis and R. W. Tunnell were stuck in the mud near Didsbury and Olds respectively with their steam plowing outfits.

Messrs. Hudson of Calgary and H. B. Atkins of Didsbury were east of town this week where they installed a gasoline engine on the farm of E. R. Rath to his entire satisfaction. Mr. Rath is now able to have his water pumped up with ease and also grain. Although Mr. Atkins is not a very frequent visitor to our district he was delighted with the good appearance of the country and especially the rapid growth of the grain.

Quite a number from here attended the box social held in the Berlin Schoolhouse on Friday night and all report a good time.

Mr. S. Simpson left on Saturday for Calgary on a business trip.

Lone Pine

The Silver Medal Contest held at the schoolhouse on Friday night was a success. The evening was fine and the house well filled. We were glad to have visitors from Hunterville and Didsbury. The programme was short but well rendered. It consisted of songs, solos, quartettes and trios, interspersed with the recitations given by the contestants, who were Lizzie Friesen, Margaret Kaechele, Willie Burns, Cornelius Rhymer, Flody Lantz. The selections were fine. It was hard to tell who would be the fortunate one, but the judges, Miss Nichol, Rev. T. D. Jones and Rev. Marshall were competent and marked carefully, decided in favor of No. 3 or Miss Kaechele who recited the "The Bridal Wine Cup." Rev. Jones presented her with a very pretty silver medal and the others with a tiny pin.

Mrs. T. J. Shaw's efforts in training the contestants were certainly not in vain. Miss Stuart the superintendent of the Medal contest work in connection with the W.C.T.U., deserves great credit for her efforts, as the work was new, it being the first contest of the Union. The President is greatly encouraged. A collection of \$4.00 was taken.

Neapolis

The medal contest held at Berlin school was a decided success. The contestants all spoke fine. Miss Margaret Kaechele carried off the prize.

Mr. John Metcalf's team broke loose and tore down all fences they came to. One being slightly injured.

They reported a slight frost at the experimental farm last week.

The new school will look well when T. J. Shaw gets through painting which will not be long.

Hello Jack! good job your new buggy was not in the runaway.

DRY POPLAR FOR SALE

Cut Stove Length **\$3.00 Per Load**

ALSO SEVERAL TON OF Carbon, Chost Pine and Three Hill Coal DELIVERED TO ANY PART OF TOWN

Terms Cash

—at the—**Maple Leaf Flour Mills DIDSBURY**

Put a **"Sunshine"** in your home. An old-fashioned, oil-working furnace is a non-producer.

It consumes the coal, but through leaks and cracks wastes the heat.

It is not economy to have such a furnace in your own home, or in your tenant's home.

If you are thinking of building your house decide on your furnace. The "Sunshine" man will be pleased to tell you just how the rooms ought to be laid out with an eye to securing greatest heat from the smallest consumption of coal.

If you want to experiment with the question don't specify "Sunshine."

If you want to settle the question specify "Sunshine."

A picnic will be held the following Tuesday in the new sheds adjoining the church. All will be welcome.

Westcott

It is announced by a coal and mineral expert that there is coal in abundance at Westcott and hard coal at that, and the best quality. But it goes about 30 feet below the water line. He says that they will have to go through rock to get to it but the vein will be about three or four feet thick and would strike a small vein before they went down twelve feet in rock.

In Loving Memory

Not two summers, was he lent them
For to make their home so bright;
Till the cold hand death was hidden,
For to carry him, to Realm of light.
Scarce a week did darling linger
Under death's uncertain hand;
Till he was called up houseward,
To join the Heavenly band.
Little Hugh, how they will miss you
As they journey on through life;
But you are ever waiting to receive them,
When they finish with earthly strife.
He was the centre of affection,
So dear to every eye;
But God's was the ruling hand,
And said, thy child must die.
He is not dead, the child of your affection,
But gone onto a school,
Where he no longer need your poor protection,
For God himself doth rule.

A FRIEND.

The Best Clubbing Offer of the Year

Didsbury Pioneer FOR ONE YEAR

\$2.00
